

CFI WANTED

Bergstrom Aircraft, Inc. located at PSC, Tri-Cities WA is a full-service FBO and Flight School. We are looking to immediately fill a full-time CFI position. Our program is Part 61 and offers Private, Instrument, Commercial, CFI, CFII, and MEI instruction. We operate a wide variety of aircraft: Skyhawks, Skylane, Arrow, Bonanza and Seneca II. We offer lessons, BFRs, aircraft rentals, scenics, photo/survey flights and ground instruction. Our instructors fly up to 6 days/week, up to 120 hours/month during the spring-summer-fall season.

Responsibilities include:

- Providing flight/ground/simulator instruction to enrolled students while maintaining the highest level of safety and standards given in the Aviation Instructor's Handbook.
- Introductory/Discovery Flight Lessons to encourage new prospects to enroll in our flight school
- BFR ground and flight instruction as requested by our customers
- Currency/proficiency ground and flight instruction as requested by our customers
- Aircraft check-outs/sign-offs by make and model as requested by our customers
- Local Scenic flights for up to 3 passengers
- Photo/Survey flights with a customer onboard and/or photographer onboard
- Assist students with flight and ground appointments by using the online schedule
- Complete logbook entries as needed in students' logs and instructors' logbook
- Teach ground school (evening class sessions) as requested
- Refer students to other instructors as needed to accomplish student's goals
- Ensure all course standards, training requirements and flight dept. objectives are met by each student in each course.
- Recommend students that are fully-prepared for their FAA checkride
- Maintain and update training materials/books as needed
- Maintain clean, professional environment – both in the aircraft and in the company building
- Stay current with recommended CFI techniques and materials
- Monitor the maintenance condition of aircraft and report any issues "squawks" in a timely and professional manner
- Any other flight department tasks as needed
- All duties and tasks to be completed in accordance with FARs and with safety, efficiency and our customer's best interest in mind.

Minimum qualifications:

- FAA Certificated Flight Instructor, Airplane Single Engine Land and current FAA medical
- Aircraft piloting skills - familiarity with/ability to perform required flight maneuvers and procedures
- Knowledge of and ability to apply effective instructional techniques in the classroom and in flight
- Knowledge of and ability to apply appropriate FARs and Oral and Practical Test Standards
